Notes concerning vaccinations/Da	tes Done/Due	Dates		

- Pre-approval for any veterinary visit is required. Please contact WLCCAR for any health issues with your foster dog so that we can ensure that there are appropriate funds in place.
- Please keep an eye on your foster dog's ears. Ear infections are very common in dogs due to allergies to food additives, ingredients, dyes, and even grass!
- If our veterinarian felt that it was necessary after the dental exam to perform a dental cleaning and extractions, we have done so. Periodontal disease is very serious in humans and pets. Please stick to a weekly regimen of brushing/cleaning your foster dogs teeth as this can help keep your dog healthy and prevent heart, kidney and liver disease, Diabetes and various infections.
- Please keep your foster dog's ID tags on at all times.
- Monthly updates on your foster dog's progress are required. This information should be recorded on
 the Foster Dog Observation Form available on our website. You are also required to send a few photos
 with every monthly update so that we can continue to showcase the foster dog for adoption.
 Grooming and appearance is very important, so please make sure your foster dog looks their best
 before taking and sending pictures.
